

### Additional High Security Window Locks

Sash Window Screw Locks (Dual Screw)

Sash Window Bolt - Cut Key Version

### Features

#### Sash Window Screw Locks (Dual Screw)

- Fits most sash windows
- Concealed when fitted offering added security
- Lock uses a key operated locking pin in brass bushes

#### Sash Window Bolt

- Suitable for most types of timber windows including casement, side hung, top hung and sash windows
- Simply press the spring bolt to lock and use the key to unlock
- Plugs conceal and protect the fixing screws
- The rotating steel bolt resists hacksawing
- Available with either a cut or standard key

#### ERA Sash Lock

- Fits most sash windows
- Constructed of steel, it provides a locking window stop which secures the window in the closed position using a standard key

Sash Window Bolt - Standard Key Version

Sash Lock

#### Maintenance

The pivot point should be lightly lubricated twice a year and the surface cleaned with a soft cloth to remove any dust or grime. The product should be periodically adjusted and the fixings tightened to ensure a satisfactory operation

All dimensions are in mm.

ERA reserves the right to change specification without notice. It is the responsibility of the window manufacturer to ensure that the finished product meets any required safety and performance specification
